MARKETS.

Business was active at the first Board today, and the market was strong throughout the session, rather improving upon the early sales as the dealings proceeded. Just at the close there was a slight hesitation on the part of buyers, and after the Board the market became comparatively dull, except for one or two stocks which were scarce, for delivery. In the afternoon the tone of speculation underwent a very perceptible change, and there was more disposition to sell. The movement for the rise appeared to come to a decided halt for the time, and prices gave way slowly up to the close of the session. After the Board and until the close of business, prices had a downward tendency. The market has arrived at that stage when a very strong and continued support is necessary to establish higher quotations, and as the margin for profit have already been very much covered in the movements of the past three weeks, the inducements to speculate for the rise are materially lessened. An advance of 10 per cent within so short a time, operators must have not only abundant means, but a great deal of nerve, to move for larger profits by adding to already heavy masses of stock. The registered transactions in New York Central, at both Boards, embrace 6,650 shares, the stock touching 79 1/2 in the morning, but closing at 79 1/4 in the afternoon, and finally selling in the street down to 78 1/2. Galena was quite active, and improved on the call at the first Board, under large purchases by a leading operator. The stock was quite scarce, and between the Boards sold as high as 75, but was down to 74 1/2 again in the afternoon. In reading the movement was vigorous, and the stock advanced to 40 1/2, and although a fraction lower in the last transactions, was, upon the whole, very firm. In the afternoon there were no sales registered, but the bidding price was 43 1/2. Hudson River was steady at 36 1/2, with moderate sales. In Southern Guaranty, Toledo, and Rock Island, the transactions were not important, but the market was tolerably well maintained for each. Illinois Central advanced to 68 1/2, with dealings to a fair extent, but fell off at the second Board. Pacific Mail was rather heavy through the day, and after selling down to 83 1/2, was finally offered at 83 after the Board. State Stocks were steady, but not especially active. In Railway Bonds there was a well-distributed business, but no very decided change in prices. The transactions were small at the second Board, except in New York Central, and the buyers of stocks were supplied with some eagerness. At the close of the day the market was dull and rather heavy. The latest quotations in the street were for New York Central 78 1/2; Galena 74 1/2; Rock Island 69 1/2; Michigan 68 1/2; Hudson River 36 1/2; Reading 35 1/2; Illinois 34 1/2; Toledo 26 1/2; Pacific Mail 82 1/2; Panama 117 1/2; Missouri 84 1/2; and Co.

The foreign exchange market has not been very active for the steamer of to-day, but quotations are well sustained. Sterling is 109 1/2 @ 110 1/2; France, 5 1/2 @ 5 1/2.
